

HƯỚNG DẪN SỬ DỤNG

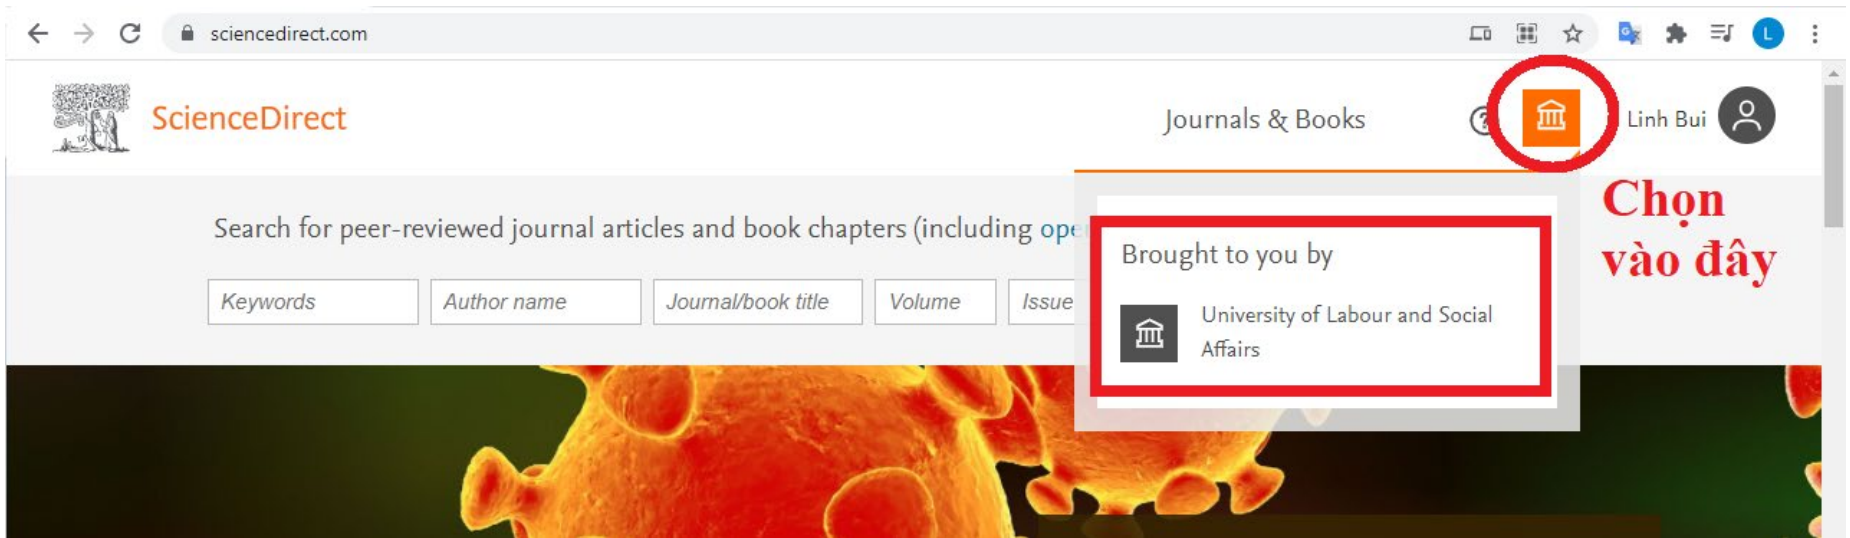

ScienceDirect®

Cơ sở dữ liệu sách điện tử Elsevier cung cấp trong dự án Thư viện dùng chung bao gồm 571 sách điện tử được xuất bản từ năm 2017 trở về trước.

Toàn bộ sách được cấp quyền truy cập vĩnh viễn trên giao diện trực tuyến.

Link truy cập: <https://www.sciencedirect.com/>

The screenshot shows the ScienceDirect website interface. The browser address bar displays "sciencedirect.com". The ScienceDirect logo is on the left. The navigation menu includes "Journals & Books". A user profile icon for "Linh Bui" is visible. A red circle highlights the user profile icon. A red-bordered pop-up box is overlaid on the page, containing the text "Brought to you by" and "University of Labour and Social Affairs" with a small icon of a building. To the right of the pop-up, there is a red text overlay that says "Chọn vào đây". Below the navigation bar, there is a search bar with the text "Search for peer-reviewed journal articles and book chapters (including open access)". Below the search bar, there are input fields for "Keywords", "Author name", "Journal/book title", "Volume", and "Issue". The background of the page features a microscopic image of a cell.

Sau khi xác nhận quyền truy cập của đơn vị vào cơ sở dữ liệu, người dùng có thể truy cập toàn văn các dữ liệu trong phạm vi cung cấp

About the book

Description

Bank Risk Management in Developing Economies: Addressing the Unique Challenge of Domestic Banks provides an up-to-date resource on how domestically-based banks in emerging economies can provide financial services for all economic sectors while also contributing to national economic development policies.

Because these types of banks are often exposed to risky sectors, they are usually not open to foreign subsidiaries, and thus need risk models that foreign-based banks do not address. This book is the first to identify these needs, proposing solutions through the use of case studies and analyses that illustrate how developing economic banking crises are often rooted in managing corporate risks. The book represents a departure from classical literature that focuses on assets, liabilities, and balance sheet management, by which developing economy banks, like their counterparts elsewhere, have not found yet.

Key Features

- Contains fifty cases that reinforce risk management best practices
- Provides a consistent chapter format that includes abstract, keywords, learning focus, and outcomes
- Summaries, questions, and glossaries conclude each chapter
